Copyright © 2024, Durham Student Transportation Services. All Rights Reserved.

Click on **I need a replacement DSTS Transportation Card** link above. Following that, you will need to enter the student’s OEN number and date of birth. A DSTS Transportation Card will be generated on the screen, which can be printed, saved to an email address or saved as a picture on a mobile device to be used until the new physical card has been created and sent to the school.

Additionally, from the page you can register your email address for use with the mTransport Application. Emails take 1 business day to process so once you have filled out this information your email will be recognized by the mTransport app the following day.

For any questions or inquiries, please give us a call at **905-666-6395** or email us at [dsts@dsts.on.ca](mailto:dsts@dsts.on.ca).
